Integrated Quality Innovation

IQI Frontiers – We assist when and where it is needed.

Pharmaceutical GMP

Services we offer:

- Assist in obtaining TGA Manufacturing License
- Assist in preparing for TGA inspections
- Assist in post TGA inspections response
- Assess company readiness for TGA audit
- Regulatory Affairs services for medicines and medical device

Why select us?

- Get it **right first time**.
- **Fast** and no time wasting as we have done it before.
- Our support makes it **easy** for your team.
- We **hold your hands**, work with you until your objectives are achieved
- Our **cost is lower** because we are efficient.

Quality Management Systems (QMS)

If you are looking to set up and certify your Quality Management System (QMS), our experience team can assist you with the following certifications:

- ISO 9001
- ISO 22716
- ISO 13485
- HACCP

We can also assist in pre and post audits support when and where required.

We combined our knowledge and skills in QMS and Lean Manufacturing to ensure you have the most cost effective and efficient system.

Regulatory Services

Are you looking to list products with the Australian Register of Therapeutic Goods (ARTG)?

We assist in helping organisations to:

- Listing of products with the ARTG
- Compile evidence package to support product claims
- Labels and claims review
- Formulation advisory
- General advice on product listing
- Supplier audits

We are members of:

- Association of Therapeutic Goods Consultants
www.atgc.com.au
- ARCS Australia Ltd

Operations Strategic Review (OSR)

Do you know your **hidden costs**?

Every profitable enterprise encounter disruption that drained its energy and financial resources that will results in lower efficiency and productivity.

The financial costs by these disruptions are usually not reported or analysed using conventional accounting system. These are termed as "hidden costs".

Using our successful OSR model, we assist enterprise to identify and quantify hidden costs.

Once the organization is aware of its hidden operational costs, it is possible to formulate plans to eliminate or reduced them.
